

California Environmental Protection Agency  
Office of Environmental Health Hazard Assessment  
May 2007

Section 32066 of the California Education Code requires the Office of Environmental Health Hazard Assessment (OEHHA) to develop a list of those art and craft materials "which cannot be purchased or ordered" for use in kindergarten and grades one through six.

Listed below are products that should not be purchased or ordered for those elementary grades<sup>1</sup>. When certain products are marked with an asterisk (\*), purchasers may obtain products in the specific line that bear the AP Approved Product Seal. (The AP seal is found on products that contain no materials in sufficient quantities to be toxic or injurious to humans or to cause acute or chronic health problems.)

Questions on this list or recommendations for additional products for listing should be directed to:  
California Environmental Protection Agency  
Office of Environmental Health Hazard Assessment

Attention: Laurie Monserrat  
1001 I Street, P.O. Box 4010  
MS 12-B  
Sacramento, CA 95812

## **Adhesives**

<sup>2</sup> The seals are defined as follows:

CL - Products bearing the new CL (Cautionary Labeling) Seal identify products that are certified to be properly labeled in a program of toxicological evaluation by a medical expert for any known health risks and with information on the safe and proper use of these materials. These products are also certified by ACMI to be labeled in accordance with the chronic hazard labeling standard, ASTM D 4236 and the U.S. Labeling of Hazardous Art Materials Act (LHAMA).

HL/CR - The HL Seal (Cautions Required) is found on art materials for adults that are certified to be properly labeled for any known health risks and is accompanied by information on the safe and proper use of such materials.
