Top 5, 10, 15% Highest Scoring Census ZIP Codes

Using the CalEnviroScreen scores for all the census ZIP codes across the State, the 5, 10, and 15% of the ZIP codes with the highest scores were identified. The top 15% represents 266 of the 1769 ZIP codes in the State. Because of variation in the number of people living in different ZIP codes, the population represented in these 15% of ZIP codes is about 11 million, or about 30% of the 37 million people living in California.
