Warnings for Listed Chemicals in Foods

Public Workshop
December 3, 2008
Office of Environmental Health Hazard Assessment
AGENDA

- Welcome
- Background/Purpose of Potential Regulation
- Elements of Potential Regulation
- Discussion
- Next Steps
Background/Purpose

- Two Guiding Principles:
  - Provide Guidance for Food Manufacturers/Retailers
  - Provide Consumers with Clear Warning Information

- Workgroup formed
  - 15 Stakeholder groups represented
  - Meetings/E-mails/Conf Calls/Individual Discussion
Why?

- Foods are different
  - Repetitious purchases from limited number of locations
  - Foods provide health benefits
  - Food retailers carry many hundreds of products from multiple manufacturers
  - The statute and regulations already treat foods differently
  - Lawsuits are increasing
  - Clarification needed concerning relative responsibility between manufacturers and retailers
Elements of Potential Regulation

- Clarify Food Retailer and Manufacturer Responsibility
- Provide Structure and Process for Warning “Clearinghouse”
- Establish Specific Safe Harbor Warning Methods for Foods
- Establish Content for Warning Messages
Warning Methods Being Considered

- Pamphlet
- Cash Register Receipt
- Three Part Process
  - General Warning
  - Trigger mechanism
  - Additional Warning Message Content Available in Store
- On Product/Shelf Signs/Other
Discussion

- Questions?
- What do you like?
- What do you dislike?
- Did we miss something?
